- Admitted to Practice:
Texas

Board-certified for appellate law by the Texas Board of Legal Specialization, Chris focuses his practice on complex appellate work. He represents major companies across a wide range of industries, including energy, insurance and financial services, as well as governmental entities and private parties. He handles litigation against governmental entities in federal and state courts throughout the country and before the U.S. Supreme Court. He has briefed numerous successful appeals and led oral arguments in federal and state appellate courts.

Chris is admitted to practice in Texas, the U.S. Court, the U.S. Courts of Appeals for the Second, Fifth, Ninth, and District of Columbia Circuits, and the U.S. District Courts of Texas.

Chris was a law clerk for Judge Will Garwood of the U.S. Court of Appeals for the Fifth Circuit. Before attending law school, he worked as a Latin teacher, for the Republican Party of Texas, and for Texas State Senator Jane Nelson.

Experience

- **Venoco Liquidating Trustee v. Plains All American Pipeline.** Briefed and argued successful Ninth Circuit appeal to revive oil company's tort claims against pipeline operator arising from 2015 California oil spill. During trial in California after remand, helped secure a \$100 million settlement for the bankruptcy trustee suing for harm to the oil producer put out of business by the rupture, spill, and shutdown of the pipeline transporting its oil.
- **Bridges v. Houston Methodist Hospital.** Fifth Circuit affirmed dismissal of 119 plaintiffs' claims against hospital for implementing a COVID-19 vaccine policy
- **JSW v. MM Steel** Upheld in the Fifth Circuit a \$160 million award of treble damages in a group boycott case under the per se rule of liability. The United States Supreme Court denied certiorari.

- **Venoco v. Plains Pipeline** Briefed and argued successful Ninth Circuit appeal to revive oil company's tort claims against pipeline operator arising from massive 2015 California oil spill.
- **Joseph Hardesty, et al.** Helped secure an unanimous federal jury trial win for two mining families in California and upheld liability judgment on appeal in the Ninth Circuit. Sacramento County violated plaintiffs' procedural and substantive due process rights by improperly shutting down a sand-gravel mine at the urging of a large competitor.
- **Valero Refining v. Galveston County Appraisal District** Obtained rulings from the Texas Supreme Court favorable to all issues presented in an ad valorem tax appeal. Specifically, the Supreme Court held that a taxpayer may appeal appraisal of separate accounts established by the taxing authority relating to a single petrochemical facility.
- **Business Logic Holding Corporation v. Morningstar et al.** In a complex case involving financial software in the retirement sector, was part of trial team that secured a \$61 million cash settlement that represented 95% maximum claimed damages by our client, Business Logic.
- **TracFone v. Commission on State Emergency Communications** Successfully represented a prepaid wireless phone company in the appeal of a state agency's decision that it owed 911 fees under a statute originally intended to impose the fee on monthly billed wireless service. The firm represented TracFone at all stages of the appeal, and the Texas Supreme Court held, as we argued, that applying the fee to prepaid wireless service was not authorized by statute and would result in illegal double taxation.
- **Exxon Mobil Corp. v. Saudi Basic Industries Corp.** Successful appeal to the U.S. Supreme Court clarifying the jurisdictional Rooker-Feldman doctrine.
- **CenterPoint Energy v. Gulf Coast Coalition of Cities** Represented CenterPoint before the Texas Supreme Court in a successful appeal regarding the utility's stranded-cost true-up following Texas's electric deregulation.
- **CenterPoint Energy Houston Electric, LLC v. Public Util. Comm'n of Tex.** Successfully represented utility in administrative appeal challenging agency's misinterpretation and misapplication of rule, which had cost utility several million dollars in energy efficiency performance incentives to which it was entitled.
- **Northwest Austin Municipal Utility District No. 1 v. Holder** Litigation ending in successful appeal to the U.S. Supreme Court regarding the "preclearance" and "bailout" provisions of the Voting Rights Act.
- **Whiteman v. Dorotheum GMBH & Co.; Republic of Austria** Successful appeals on behalf of the Republic of Austria in Second Circuit and U.S. Supreme Court that permitted payments from an Austrian fund to start flowing to victims of the Holocaust and their heirs.
- **Canatxx v. General Electric Capital Corp.** Reversal on appeal of \$137 million commercial tort verdict.
- **Saudi Basic Industries Corp. v. Mobil Yanbu Petrochemical Co.** Successful defense on appeal of \$417 million commercial tort verdict.

- **Morgan v. Plano Independent School District** Represented Plano (Texas) ISD in successful appeal involving a facial challenge under the First Amendment to policy regarding students' distribution of non-curricular written materials.
- **Doctors Hospital and GE HFS v. Beazley Insurance Co.** Represented GE HFS in the U.S. Court of Appeals for the Fifth Circuit in appeal regarding insurer's breach of contract. The verdict was ranked among the top 100 national and top 25 Texas verdicts of 2010.
- **University Interscholastic League v. Texas Association of Sports Officials** Successful appeal to the Third Court of Appeals, Austin, Texas, in which the court ultimately declared the UIL's eligibility for sovereign immunity.
